

Suggested Reading List

The List below is a suggested book list to help stir up idea for books to read. In the redesign of the Read 4-H program, there are no required books. This list is merely a resource to help you get started in book selection. Each year, a theme is selected and all books need to be related to the theme. The theme for 2024/2025 is ***Exploration***. Please read exploration/adventure related books to complete your Read 4-H Tasks for the year.
